[WDD Dec2012 energy session-v2.1.pptx](#)

You don't get out much, do you? The muster is an informal cross-program information exchange on oil & gas issues- been around for probably 2 yrs; meets on a sporadic but regular basis with presentations from different staff working on O&G issues; currently co-chaired by Tricia and Cindy Beeler. And sorry, I didn't send the final presentation- here it is:

What is the muster? The PPT seems like it is not your final. I do not remember it having blank or unfinished slides.

Subject: Oil & gas muster presentation

Just so you are aware. I have agreed to give the presentation on oil & gas well construction and groundwater concerns that I gave at the Water DD meeting at the oil & gas muster next Thursday 2/14. Jim saw the presentation (can't remember if either of you were there). Diane and I have had a number of requests from different EPA offices at HQs for the presentation subsequent to the meeting. Here it is:
